Dear President, Dear Federation,

The Union Cycliste Internationale (UCI) has the pleasure of sending you the new instructions for the registration of UCI Continental Teams and UCI Women's Continental Teams for the 2026 season. This guide contains the information you will need to properly register teams with the UCI.

Kindly note that coloured shading are used in the guide to indicate the different requirements depending on the category. **If there is no coloured shading, the information in the specific paragraph is applicable for National Federations.**

UCI Women's

UCI Teams - related to
UCI DataRide - Teams

We would like to remind you that the UCI regulatory requirements are the minimum requirements to be respected. Nevertheless, the National Federations (NF) remain the sole bodies responsible for their teams and for the registration criteria throughout the registration year, provided that the UCI criteria are respected. The UCI will check that the documents of the registered teams conforms to the 2026 regulations. Consequently, the UCI reserves the right to check the complete registration files in your possession during the season, as provided for by the regulations. Please note that in this event, you will have 8 days to forward the documentation to the UCI (see art. 2.17.038 of UCI Regulations). Some National Federations have been randomly audited in 2025 and we will continue with this process in 2026.

Since 1st June 2023, minimum lump sum fixed by the regulations must be paid to them following the signing of a rider's first new professional contract with a professional team (UCI Women's WorldTeam, UCI Women's ProTeam, UCI WorldTeam or UCI ProTeam) in respect of the years spent with club teams or UCI (Women's) Continental Teams since his/her 15th year. This payment is made on the basis of invoices drawn up by you. Once the amounts have been received, you are responsible for redistributing them to the teams concerned in your federation. This regulations demonstrates the UCI's desire to support all teams, whether UCI or Club teams, which contribute to the training of cycling elite. For more information on this subject, please consult the dedicated section of this guide (see page 20).

With regard to UCI Women's Continental Teams, they play an important role in the structure of women's road cycling. In order to progress and achieve longer term objective goals; from the 2018 Team Registration process forth, National Federations responsible for the registration of UCI Women's Continental Teams have to submit to the UCI some additional information for the registration of a team. These requirements are marked by orange coloured shadings in the page margin where applicable.

From this year onwards, UCI Women's Continental Teams will not have access to UCI Women's WorldTour events anymore ([see article 2.1.005 in force on 20.10.2025](#)).

This guide only concerns UCI Continental Teams and UCI Women's Continental Teams. UCI Women's WorldTeams, UCI Women's ProTeams, UCI WorldTeams and UCI ProTeams do have

a dedicated instructions for registration guide as the procedure is managed by the UCI.

With regard to UCI Continental Teams, known as third division teams, they remain the crucial platform for the development of men's cycling and we encourage you to register them for the 2026 season. The UCI Continental Team label offers a guarantee of a minimum quality standard for your riders, a defined sporting structure and provides access to international competitions in accordance with the participation rules of article 2.1.005 of the UCI Regulations.

All UCI Continental Teams wishing to participate to at least one UCI ProSeries event during the season must register to the enhanced anti-doping program. This also concerns development UCI Continental Teams linked to UCI WorldTeams or UCI ProTeams if they want to exchange riders (art. 2.1.005bis) on these events (see 4.3).

IMPORTANT

Furthermore, we insist on the fact that the registration deadlines must be **duly respected**. Indeed, it is essential that their registration is approved by the UCI within the deadline, namely **by 10 November 2025** at the latest in order for your UCI Continental Team(s) and/or UCI Women's Continental Team(s) to be registered in due course.

We would also take this opportunity to mention the development teams affiliated with a UCI Women's WorldTeam, UCI Women's ProTeam, UCI WorldTeam or UCI ProTeam which cannot enter the same event in accordance with article 2.2.001. This regulation also applies to teams with the same main partner or paying agent/team representative. **In this respect, we remind you that you must provide us with all the information you may have**, as it is required by the regulations (see art. 2.2.001, 2.15.242/243, 2.16.055/056), at the beginning of the 2026 season.

Finally, the UCI continues to rely on the UCI DataRide - Teams platform to facilitate the registration operations for your teams. To assist, some tasks related to UCI Continental Teams and UCI Women's Continental Teams are organised through Monday.com system.

The UCI administration would be very happy to assist if you require any further information regarding this handbook and its application.

We look forward to welcoming you to the various Continental Circuit events for UCI Continental Teams and UCI Women's Continental Teams and we would like to thank you in advance for your cooperation with the development of cycling through the registration of these teams.

We wish you a smooth teams' registration and an excellent 2026 season to your teams!

1. REGISTRATION PLATFORMS

1.1.

UCI PLATFORMS: UCI DATARIDE – TEAMS / MONDAY.COM

Since the end of 2018, all the UCI Road Teams have been using the UCI DataRide – Teams platform for team registration. You will find below the user guide explaining the main features in order to use the platform properly. In addition, this year and together with the UCI DataRide - Teams platform, **some procedures have been digitalised on the Monday.com system in order to make the submission and follow-up of the information easier. In this case, you just need to click on the provided links and follow the instructions.**

**IMPOR-
TANT**

We remind you that only information submitted in the UCI DataRide Teams platform allow their validation by the UCI, either in the registration period or in the course of the season. We thank you to ensure that all information is duly and in a timely manner submitted by teams.

DASHBOARD

As National Federation, your dashboard will show the list of your teams. When clicking on one of the teams, you will have access to all the tasks related to this team.

You may also decide to select the option of «view by task» on the menu on the top-left side and see all the tasks. This way you will be able to verify the same task for all the teams at the same time.

**UCI
TEAM**

When logging-in, a dashboard is displayed. It groups all the tasks which are composed of sections.

**IMPOR-
TANT**

Each task has a defined deadline. Please kindly note that this deadline corresponds to the date by to which all information must be received by the UCI. Since no information is transmitted to the UCI before the validation by the National Federation, we invite National Federations to set an earlier deadline to teams. This way, the teams would be able to submit the different sections in advance in order to allow you to do all the necessary checks before the deadline.

We would like to remind you that «The National Federation shall be solely responsible for checking compliance with regulatory and legal requirements, both on registration and throughout the registration year.» (see art. 2.17.032). We count with the collaboration of the National Federation to reject any section that is not filled correctly by the team. This will then allow the team to correct the necessary information and then resubmit the information again in order to allow you to check the section again within the deadlines.

After the deadline, the task is closed and you will not be able to submit, amend, or validate the information. In order to guide you, please note the status of the tasks is indicated on the dashboard.

- As a National Federation you will be able to see for each team whether a task has been submitted by the team ("to review") or if it has been validated by the UCI ("validated").

- **As a team, you will be able to easily see if a task has been sent to the National Federation ("100%"), validated by the latter ("validated by NF"), validated by the UCI ("validated by UCI") or rejected if the information needs to be corrected by you ("To review").** You will also be able to note the progress of the registration file; if a section of a task has been submitted, the status will update.

When all documents have been submitted, the taskbar displays 100%. When items are rejected, the bar descends until the documents are submitted again.

INFORMATION COMPLETION AND SUBMISSION

For each entry in the platform, you have the choice:

- to transmit the information to the National Federation, using the "submit" button. In this case, you will not be able to modify the information transmitted before the control of the National Federation and the UCI;
- or save as draft with the "save as draft" button if you want to come back later in order to modify or finish completing the information requested before transmitting it to the UCI.

Please note that only the information submitted with the submit button is visible by the National Federation. Any information not submitted or "saved as draft" is neither visible nor accessible for the National Federation nor the UCI.

DATA EXPORT FOR EXTERNAL USE

If you wish to export data submitted on the platform to .pdf, you can use the button "EXPORT PDF". This feature allows you to export data and enable you to provide anyone with a ready to use document summarising your team's registration information.

Please note that an Excel format export is available for the list of riders as well as for the list of staff members.

LIST OF RIDERS

The list of riders of the current season will be displayed on your dashboard. If a rider is not included in your roster for the coming season, we ask you to delete him from the list using the cross at the end of his line.

However, **if a contract is terminated in the course of the season (whether unilaterally or by mutual agreement), please note the rider must not be deleted from the list**; only his contract end date must be amended, according to the termination letter duly dated, signed and sent to the UCI via the National Federation. **If a rider is added during the season, please make sure to insert the correct contract dates.**

In exceptional and necessary situations in order to ensure the correct allocation of UCI points, the UCI reserves the right to take the measures required by such a situation. These measures shall be without prejudice to any possible dispute between the rider and his team.

Once the list of riders is submitted by the team, we invite you to check it according to the regulatory provisions, in particular as regards the number of riders, the nationality and age of the riders. If an information is not correct, please do not hesitate to reject the list so that the team can correct it directly.

In this case, you will need to reject the riders from the list (or validate them if the regulations allow you to do it), and reject the full list at the bottom of the page.

The addition of trainee riders goes through the UCI DataRide - Teams platform. We ask the teams to make sure they add the trainee rider, tick the «trainee» tickbox, indicate the date from which the rider will join the team (normally on 01.08), upload the required authorisations and submit the list.

1.2. PRIZE MONEY MANAGEMENT PLATFORM

As per article 1.2.071, the UCI and CPA implemented a centralised prize money management platform for all the race categories, men and women (except class 2 races), for which, all the teams and their riders have received a login and password enabling them to regularly check the payment of the prize money of the races they participated to.

The aim of this platform is to:

- Provide a total transparency to all parties involved regarding the payment flow;
- Enable the relevant organisation (UCI and CPA) to monitor the prize money payment;
- Favor the respect of the payment obligations by organisers as well as the respect of deadlines;
- Simplify and if possible standardise the process between territories by centralising the prize money collection;
- Ensure the riders receive clear and detailed information regarding the deductions and if applicable tax certificate;
- Ensure that any service provider acting on behalf of the riders is validated by the riders.

IMPOR-
TANT

As a reminder, this platform also manages prizes when national teams participate in class events managed by the platform. It is imperative that National Federations log in and provide the requested information so that prizes can be paid out.

IMPOR-
TANT

This platform doesn't prevent teams and riders to work with the service provider of their choice regarding prize money distribution.

We would like to remind you that each team must register on this platform and fill in all the required information. Each rider must also register and fill in the required fields. The respect of these regulatory provisions by the teams and riders enable a faster prize money management. Any incomplete or missing information may slow down or even block the payment of the prize money.

We kindly invite you to read (again) the [documentation](#) related to this platform, and to contact the service in charge if you have any question regarding the platform: contact@cpm-uci.org.

For any question related to the current regulations, the UCI remains available by email: road@uci.ch.

2. ROLES AND RESPONSABILITIES

2.1.

ALLOCATION OF TASKS AND OBLIGATIONS

UCI Regulations specify the powers, obligations and rights of the various parties involved in the registration procedure for UCI Teams.

UNION CYCLISTE INTERNATIONALE (UCI)

The registration procedure detailed in Title 2, Chapter 17, sets the minimum requirements the National Federations need to apply for their checks and controls for the registration of UCI Continental Teams and UCI Women's Continental Teams. The UCI Regulations also set a registration file submission deadline for National Federations, which is 10 November 2025 (see art. 2.17.033). **We kindly remind you that any delay will be subject to additional costs (see art. 2.17.040) and may delay the registration of your teams.**

NATIONAL FEDERATION

The registration of UCI Continental Teams and UCI Women's Continental Teams with the UCI is based on the rigorous checks performed by the concerned National Federations.

**IMPOR-
TANT**

National Federations remain sole responsible for setting up previous deadlines in order to receive the registration documents from the UCI Continental Teams and UCI Women's Continental Teams on time to be able to perform the checks (see art. 2.17.014).

In addition, the National Federations are sole responsible for the submission of UCI Continental Teams and UCI Women's Continental Teams registration files to the UCI (see art. 2.17.035-37).

**IMPOR-
TANT**

The National Federation also remains the sole responsible of the UCI Continental Teams and UCI Women's Continental Teams it registers. Thus, it must ensure the regulatory provisions are complied with, both on the registration, and throughout the season (see art. 2.17.001 and 2.17.032). In this respect, the National Federations appoint qualified and independent persons to ensure the checks set up in the UCI Regulations are complied with. Furthermore, additional checks can be performed if the National Federations consider it is necessary.

Finally, kindly be aware the Continental Confederations have the right to ask for any registration file of UCI Continental Teams or UCI Women's Continental Teams registered by one of their National Federations (see art. 2.17.041).

UCI CONTINENTAL TEAMS AND UCI WOMEN'S CONTINENTAL TEAMS

Firstly, a UCI Continental Team or UCI Women's Continental Team must inform its intention to be registered as such to its National Federation. It must also comply with the UCI Regulations requirements as well as additional procedure set up by the National Federation. Then, the UCI Continental Team or UCI Women's Continental Team is responsible to prepare the registration file and submit it to its National Federation. In this respect, the UCI Continental Team or UCI Women's Continental Team must appoint a person responsible (representative), who will be in charge of the communication with the concerned National Federation (see art. 2.17.010).

**IMPOR-
TANT**

The team representative of the UCI Continental Team or UCI Women's Continental Team will also be in charge of the completion and submission of data to the National Federation. In addition, the National Federation must also appoint a person responsible for UCI DataRide - Teams platform, as per the form duly filled-in and submitted to the UCI (annexe A-1).

2.2. DEADLINES FOR REGISTRATION

IMPOR-
TANT

IMPOR-
TANT

We ask that all National Federations take steps to ensure that the UCI receives the complete documentation of UCI Continental Teams and UCI Women's Continental Teams **by 10 November 2025** so that these teams may be registered in due course.

In this matter, we strongly invite National Federations to set an earlier deadline to the teams it registers for the submission of the documents.

Indeed, the National Federation must anticipate the necessary time to check the documents and the potential duration of the correction from the teams, for the file to be complete and validated by 10 November 2025.

MÉMO

Delays in the submission of the documents to the UCI may be invoiced up to 100.-CHF per file per additional day (2.17.040)

- 2.17.004** A UCI Continental team or UCI women's continental team will comprise riders who may or may not be professional, in the elite and/or under 23 categories. It must have minimum 10 riders for UCI continental teams, 8 for UCI women's continental teams and a maximum of 16 riders for both categories.

However, a UCI continental team shall also have the right to add up to 4 riders specialising in other endurance cycling disciplines (cyclo-cross; mountain bike: cross country; track: points race, scratch, pursuit, omnium) as long as the riders in question are among the top 150 of the last final UCI individual classification.

A UCI women's continental team may also add 4 riders specialising in one of the disciplines listed in the preceding paragraph, as long as the riders in question are among the top 150 of the final UCI individual classification for that discipline.

Trainees

- 2.17.008** In the period between 1 August* and 31 December, each UCI Continental team or UCI women's continental team may engage two trainees on the following conditions:

- The rider is from the under 23 category (for UCI continental teams only);
- The rider is from the under 23 category or is in the second year of junior category (for UCI women's continental teams only);
- The rider may not previously have ridden for a UCI road team;
- The UCI team shall obtain the authorisation of the parents or legal representative if the rider is a minor;
- The rider may not take part in UCI Women's WorldTour events (for UCI women's continental teams only);
- The UCI Continental team or UCI women's continental team must notify the UCI of the identity of the riders before 1 August;
- Such riders shall obtain the authorisation of their National Federations and may be associated with only one UCI team during this period;
- Upon authorisation of his new team, a trainee rider may continue to participate in events of his club team.

* Upon justification of the participation in a stage race starting in July and ending in August, the registration of these riders may occur in July no earlier than the day before the first race day of the aforesaid race.

(text modified on 1.01.18; 1.01.20).

The nationality of the team shall be determined by the nationality of the majority of the riders. This implies that there must necessarily be a "majority" nationality within the team, for example (see art. 2.17.001 and 2.17.006):

NATIONALITY	NUMBER OF RIDERS
France	4
USA	3
New-Zealand	3
Qatar	1
Total	11
The team has French nationality	

IMPOR-
TANT

Kindly be aware that trainee and specialist riders are not taken into account for the calculation of the minimum number of riders in a team or for the determination of its nationality.

3.3.

ORGANISATION, STRUCTURE, STAFF MEMBERS

NAME

The name of the team shall be that of the company or brand name of the principal partner(s) (up to three), or any other denomination connected to the team project (2.17.003).

Please note it is forbidden to use the «UCI» acronym, whether in a team name, or as 3-letter code (see 3.1).

IMPOR-
TANT

According to art. 2.2.001, **teams and/or riders belonging to teams with the same paying agent or main partner may not compete in the same race.** We ask National Federations to ensure that they inform the UCI of any link between teams.

TEAM REPRESENTATIVE

IMPOR-
TANT

The team representative shall represent the team for all purposes relating to the UCI Regulations. His registered office/main residence must be in the same country where the team is registered and must have a licence for the 2025 and 2026 seasons. The team representative must be a person with the power to hire staff. **He shall sign the contracts with the team's riders and staff members.** It may be an individual or an incorporated body (trading company, association, foundation, etc.). The name of this person must be indicated in annexe A-1, in the Registration Information task and in the list of licensed staff members on the UCI DataRide - Teams platform for each of the teams. **It is also the person in charge of filling-in the information on the UCI DataRide - Teams platform.** (art. 2.17.010).

STAFF MEMBERS

IMPOR-
TANT

As well as its representative and its riders, the team must take on one head sports director (see art. 1.1.077). If the team has several sport directors, the other ones will be identified as « assistant ».

In accordance with article 1.1.010, a rider belonging to a team registered with the UCI may not carry out another role.

Any staff member involved within the team, going on races or who needs to be submitted to the UCI Regulations must have a licence stating his role within the team according to the National Federations requirements.

In addition, any staff member must be added in the UCI DataRide - Teams platform. In the meantime, the team must ensure it has a written contract/agreement duly signed with the staff member, in order to submit it to the National Federation for validation.

3.4.**CHANGES TO TEAM COMPOSITION DURING THE SEASON**

Via their National Federation, teams must submit any amendment to their registration to the UCI for approval immediately (particularly the addition or removal of riders or staff members). **In order to allow the registration of a new rider or any other change to the team, the National Federation must submit the required information to the UCI at least three working days in advance.** The UCI will do all it can to observe this deadline, although unable to give any guarantees in this respect.

Any rider or staff member who is not properly registered with the team and thus does not appear on the UCI website therefore cannot participate in an event. Therefore, teams must ensure that their Sports Director, riders, and assistant Sports Directors are duly published before they go to events.

For UCI Women's Continental Teams, the National Federation must also check if there is any change in the budget and/or bank guarantee following the addition or removal of a rider/staff member.

In this case, the team must send back the budget and/or a copy of the amended bank guarantee to the National Federation, which will inform the UCI.

During the season, no rider already registered with a UCI road team for the current season may join a UCI Continental Team or UCI Women's Continental Team outside the transfer period **from 1 June to 15 July** as per UCI Regulations (article 2.17.007), except cyclo-cross riders, who can be transferred from 15 March to 15 April.

A rider who has not previously been registered in a UCI team can join a team at any time during the year, as long as his contract finishes on 31 December.

Each UCI Continental Team or UCI Women's Continental Team is permitted to add trainee riders to its team, between 1 August and the end of the year subject to the following regulatory conditions, in accordance with article. 2.17.008:

In the period between 1 August and 31 December, each UCI Continental team or UCI women's continental team **may engage two trainees** on the following conditions:*

- *The rider is from the under 23 category (for UCI continental teams only);*
- *The rider is from the under 23 category or is in the second year of junior category (for UCI women's continental teams only);*
- *The rider may not previously have ridden for a UCI road team;*
- *The UCI team shall obtain the authorisation of the parents or legal representative if the rider is a minor;*
- *The rider may not take part in UCI Women's WorldTour events (for UCI women's continental teams only);*
- *The UCI Continental team or UCI women's continental team must notify the UCI of the identity of the riders before 1 August;*
- *Such riders shall obtain the authorisation of their National Federations and may be associated with only one UCI team during this period;*
- *Upon authorisation of his new team, a trainee rider may continue to participate in events of his club team.*

** Upon justification of the participation in a stage race starting in July and ending in August, the registration of these riders may occur in July no earlier than the day before the first race day of the aforesaid race.*

The minimum conditions for registration set out in the regulations must be respected. The UCI has the right to refuse or withdraw the registration of a team in the event that these conditions are not respected.

TRAINING COMPENSATION FEE

On 1st June 2024, the regulation change regarding the training compensation fee came into force (art. 2.13.220; 2.19.151; 2.15.244; 2.16.059). This system allows for the compensation from UCI professional teams (UCI Women's WorldTeams, UCI Women's ProTeam, UCI WorldTeams, UCI ProTeams) to non-professional teams (UCI (Women's) Continental Teams and club teams) which participated to the training of a rider since his 15th year and until the signature of his first new-professional contract.

Within three months of the publication on the UCI website of the rider's name on the list of members of a UCI professional team, any National Federation with which one of the teams with which this rider had been registered during the reference period shall send an invoice to the UCI professional team.

The UCI professional team shall then have six months to pay the amounts charged to it by the National Federation or to comply with the agreed-upon timeline with the latter.

Once payment has been received, the National Federation shall transfer the full amount to the non-professional teams concerned and issue proof of payment to the UCI professional team.

IMPORTANT

The National Federations are responsible for following this procedure for UCI Continental Teams, UCI Women's Continental Teams and club teams.

3.5. FINANCE

**IMPOR-
TANT**

The team must demonstrate that it will be able to meet its financial obligations for the whole season, both to its riders and to its other partners and creditors (employees, National Federation, UCI, service providers, etc.). It shall ensure that its income is regular enough to avoid any problems with cash flow.

■ Audited annual accounts

- If the representative is a body which is legally required to draw up accounts, and to have them audited, it shall provide a copy of the annual accounts (audited). If its capital and reserves on the closing balance are negative (over indebtedness), the planned and already taken measures to rectify the situation shall be explained.
- Should the auditor have expressed reservations or made comments in his last report, the representative shall make any comments required for the assessment of its financial situation.

■ Budget for the season

- A budget will be drawn up for the season to which the application for registration refers. It must be drawn up on the UCI form (*annexe C-1*), and shall for comparison show the budget or estimates for the previous year. Significant discrepancies must be explained.
- **The budget must be balanced**, i.e. the planned expenditure shall be entirely covered by income which is certain to be received, generally contributions from sponsors or partners. Copies of sponsorship or partnership contracts shall be annexed to the budget.
- If the budget is not balanced (income less than expenditure), or if the last annual accounts show a negative closing balance, the team shall provide guarantees to show its ability to meet its current and future financial obligations. The National Federation will need to indicate it on the UCI DataRide - Teams platform (task National Federation check-list of controls).

3.6. CONTRACTS AND/OR AGREEMENTS

A UCI Continental Team or UCI Women's Continental Team is registered for one year, i.e. from 1 January to 31 December of the same year (article 2.17.001). All the riders and staff members' contracts must be sent by the team to the National Federation for it to ensure the compliance of these contracts with the UCI Regulations and the different applicable regulations. These contracts must be available for the UCI at any time if needed.

WITH RIDERS

For riders with professional status, a contract which complies with the legislation in force in the country of the headquarters of the team representative must be drawn up in a language which can be understood by the rider.

For non-professional riders, a written agreement must also be drawn up.

In any case, the riders must be hired for a full season, they cannot be hired for a temporary period during the year.

For trainees, no contract is required by the UCI, unless any stricter national regulation applies.

IMPOR-
TANT

The *Declaration of recognition of ethical principles - staff UCI Teams* (annexe A-3.1) must be duly signed by all the riders and sent to the National Federation. Please use the version in this guide.

MÉMO

IMPOR-
TANT

The UCI Regulations set out minimum provisions and conditions for contracts/agreements with riders (see art. 2.17.030 and following). These requirements are obligatory for all riders, and may only be altered in the rider's favour, any provision which is not in his favour being null and void:

- Duration: the contract must terminate on 31 December.
- Insurance: the minimum coverage set out in the UCI Regulations must be guaranteed and stated in detail (see 3.7 of this manual).
- Wages: must be stated where applicable.
- Indemnities: in all cases, provision must be made for the repayment of expenses incurred by the rider in the course of his activity for the team. The repayment must be made by bank transfer.
- Conditions of payment: only by bank transfer into a bank account nominated by the rider.
- Prize money: the rider shall be entitled to prizes won during the events in which he participated
- Status: professional or non-professional.
- Termination of contract: reasons for termination of the contract must be detailed. These would have to comply with the model contract as well as the applicable national legislation.
- Defeasance: a note that any provision that does not comply with the minimum standards set by the UCI Regulations shall be null and void if it is not in the favour of the rider.

Each contract will be drawn up in three signed original copies (one for the team, one for the rider, one for the National Federation).

The UCI shall provide teams with standard contracts (professional riders and non-professional riders) containing the minimum provisions required by the regulations (art. 2.17.030bis and 2.17.030ter). However, national legislation and conventions shall take precedence, and the compliance of the contract with this legislation shall remain the responsibility of the teams.

TRIPARTITE AGREEMENTS

If a rider is registered in two UCI teams registered in two different disciplines (for example in a UCI Road Team and in a UCI Cyclo-cross Team) in the same season, the National Federation must send the UCI (road@uci.ch) the tripartite agreement between the rider and both teams the rider is registered in. This agreement must establish the terms of cooperation between the two teams and the rider.

WITH STAFF MEMBERS

The regulations do not set out any minimum provision for staff members (sports director, mechanics, doctors, etc.). **However, a contract or agreement in writing must be signed with each staff member of the team, and must comply with the national legislation in force.**

Each contract will be drawn up in three signed original copies (one for the team, one for the staff member, one for the National Federation).

IMPOR-
TANT

The *Declaration of recognition of ethical principles - staff UCI Teams* (annexe A-3.1) must be duly signed by all staff members and sent to the National Federation. Please use the version in this guide. In addition, *Team Manager Statement* (annexe A-3.2) must be sent duly signed to the UCI via [this link](#).

You can find both declarations in annexe A-3.

3.7.
INSURANCE

The UCI considers the provision of adequate insurance coverage for the riders of a UCI Team to be of vital importance. With its "UCI" label the UCI Teams may ride in races on the UCI calendar anywhere in the world, and both the public and the organisers may legitimately expect the riders and the staff members participating to be fully insured against the risks inherent in their participation to the race.

MÉMO

For riders, in case of any doubt, please make sure to refer to article 2.17.031 of UCI Regulations. In case of further doubt, you can contact the UCI administration.

Insurance against the following risks is compulsory, for all events occurring in the course of the rider's activities for the team (racing, training, travel, promotion, etc.):

IMPOR-
TANT

- Civil responsibility (of the rider) for an adequate amount;
- Accidents (costs of treatment until recovery with no amount limit);
- Sickness (costs of treatment and hospitalisation with no amount limit);
- Repatriation (unlimited cover);
- Death (minimum value EUR 100 000 due to the beneficiaries designated by the rider).

All these insurances must be taken out to apply on all the countries the rider will visit for his activity on behalf of his team.

Further, a rider must be provided with social insurance providing at least the level of the obligatory social security regime in his country of residence. It is the responsibility of the representative to ensure that the rider has adequate social coverage which meets at least the level provided for in the regulations.

The licence issued to the rider by the National Federation includes certain insurance coverage. **The insured risks are in general less than those required by the regulations for UCI Teams. It shall be the responsibility of the team to check the level of the coverage provided, and where appropriate to provide supplementary insurance coverage.** It would be advisable for the representative to obtain a certificate of insurance from the concerned National Federations confirming the covered risks and any restrictions.

With the application for registration the team representative shall produce a list of the insurance coverage for each rider, that he will send to his National Federation only so that it can be checked (art. 2.17.031), and confirm his responsibility in the matter.

IMPOR-
TANT

The National Federation should also check and certify that all team members (riders, sports directors and other persons) have appropriate insurance coverage in compliance with applicable law and article 2.17.031 requirements.

3.8. BANK GUARANTEE

The information hereunder concerning the bank guarantee is only assistance for users but does not bind UCI. In case of any disagreement, the only valid text is the text of UCI Regulations in its original language which is published on UCI's website.

Each team must set up an unconditional bank guarantee in favour of its National Federation, strictly respecting (word by word) the model shown in the UCI Regulations (art. 2.17.029)

IMPOR-
TANT

We would like to remind you that bank guarantees must be issued by a banking institution, in accordance with the provisions of the UCI Regulations, and not provided by way of a deposit into the National Federation's bank account. If national legislation prevents the use of such a mechanism, National Federations must contact the UCI before the start of the registration procedure to inform us and find a way to identify a solution that ensures fairness between teams.

DURATION OF THE GUARANTEE

For the first registration year, the guarantee shall be valid from 1 January of the first registration year until 31 March of the following year. From the second registration year, and for the following years, the bank guarantee may stipulate that it may be called upon with effect from 1 April of the registration year, including for the sums due in January, February and March. **In any case, the bank guarantee shall be valid until 31 March after the registration year covered by the guarantee (art. 2.17.022).**

AMOUNT OF THE GUARANTEE

The minimum total amount of the bank guarantee shall be the highest of:

- 15% of the total pay due to the riders and other staff (whether employed or self-employed)
- a minimum sum of EUR 20,000.00 (twenty thousand euros) to be indexed by country in accordance with the UCI table

The model budget includes a table (*annexe C-3*) which can be used to calculate the minimum level of the bank guarantee.

UCI
CTW

IMPOR-
TANT

The National Federations must provide the UCI with a copy of the bank guarantee of UCI Women's Continental Teams via the UCI DataRide - Teams platform as well as the budget and calculation of the minimum amount of the bank guarantee through [this link](#).

BANK ISSUING THE GUARANTEE

The guarantee must be issued by a leading bank. The banks considered acceptable are those listed by the principal rating institutions (Standard & Poor, Moody's, Fitch, etc.) with low or very low levels of risk. If the guarantee is issued by a bank which is not on these lists, the team will be required to provide the National Federation with financial information (annual report, rating by the central bank, etc.) so that the National Federation can decide whether or not to accept the guarantee.

PROCEDURES FOR CALLING UP THE GUARANTEE

In order to guarantee an equitable treatment which both meets the objectives of the guarantee (providing security for the team's creditors) and maintains the independent and neutral role of the National Federation, it is extremely important to establish a procedure for calling up the guarantee.

When a guarantee is called up, three phases of the procedure need to be distinguished: request, call-up and payment.

■ The request

Any request to call up the bank guarantee must be signed by the applicant or his representative, accompanied by documentary evidence, and be received by the National Federation one month before the expiry of the bank guarantee at the latest, i.e. no later than 1 March. This time limit is important so that all the administrative steps can be carried out before the final date for the validity of the bank guarantee.

On receipt of a request, the National Federation must inform the team and ask it to comment. It must then consider whether the request is **manifestly unfounded**. This is the only reason for which a request can be rejected by the National Federation.

■ The call-up

The National Federation must call up the bank guarantee to the value of the claim unless the creditor's claim is manifestly unfounded.

The National Federation shall inform all parties of the action it has taken and draw the attention of the parties to the deadlines that they have to respect.

In any event, payment can not be made to the creditor until one month after the call-up of the bank guarantee.

→ *Deadlines for the paying agent*

The paying agent may contest the payment to the creditor (for example: the rider), in writing giving his reasons.

In such case the National Federation shall pay the total amount into a special account and shall only pay it following an agreement in writing between the two parties or an enforceable judicial or arbitral decision. If the claim is not contested, the National Federation shall pay the total amount claimed to the creditor at the earliest after the expiration of the one-month fixed term after the call-up.

→ *Deadlines for the creditor*

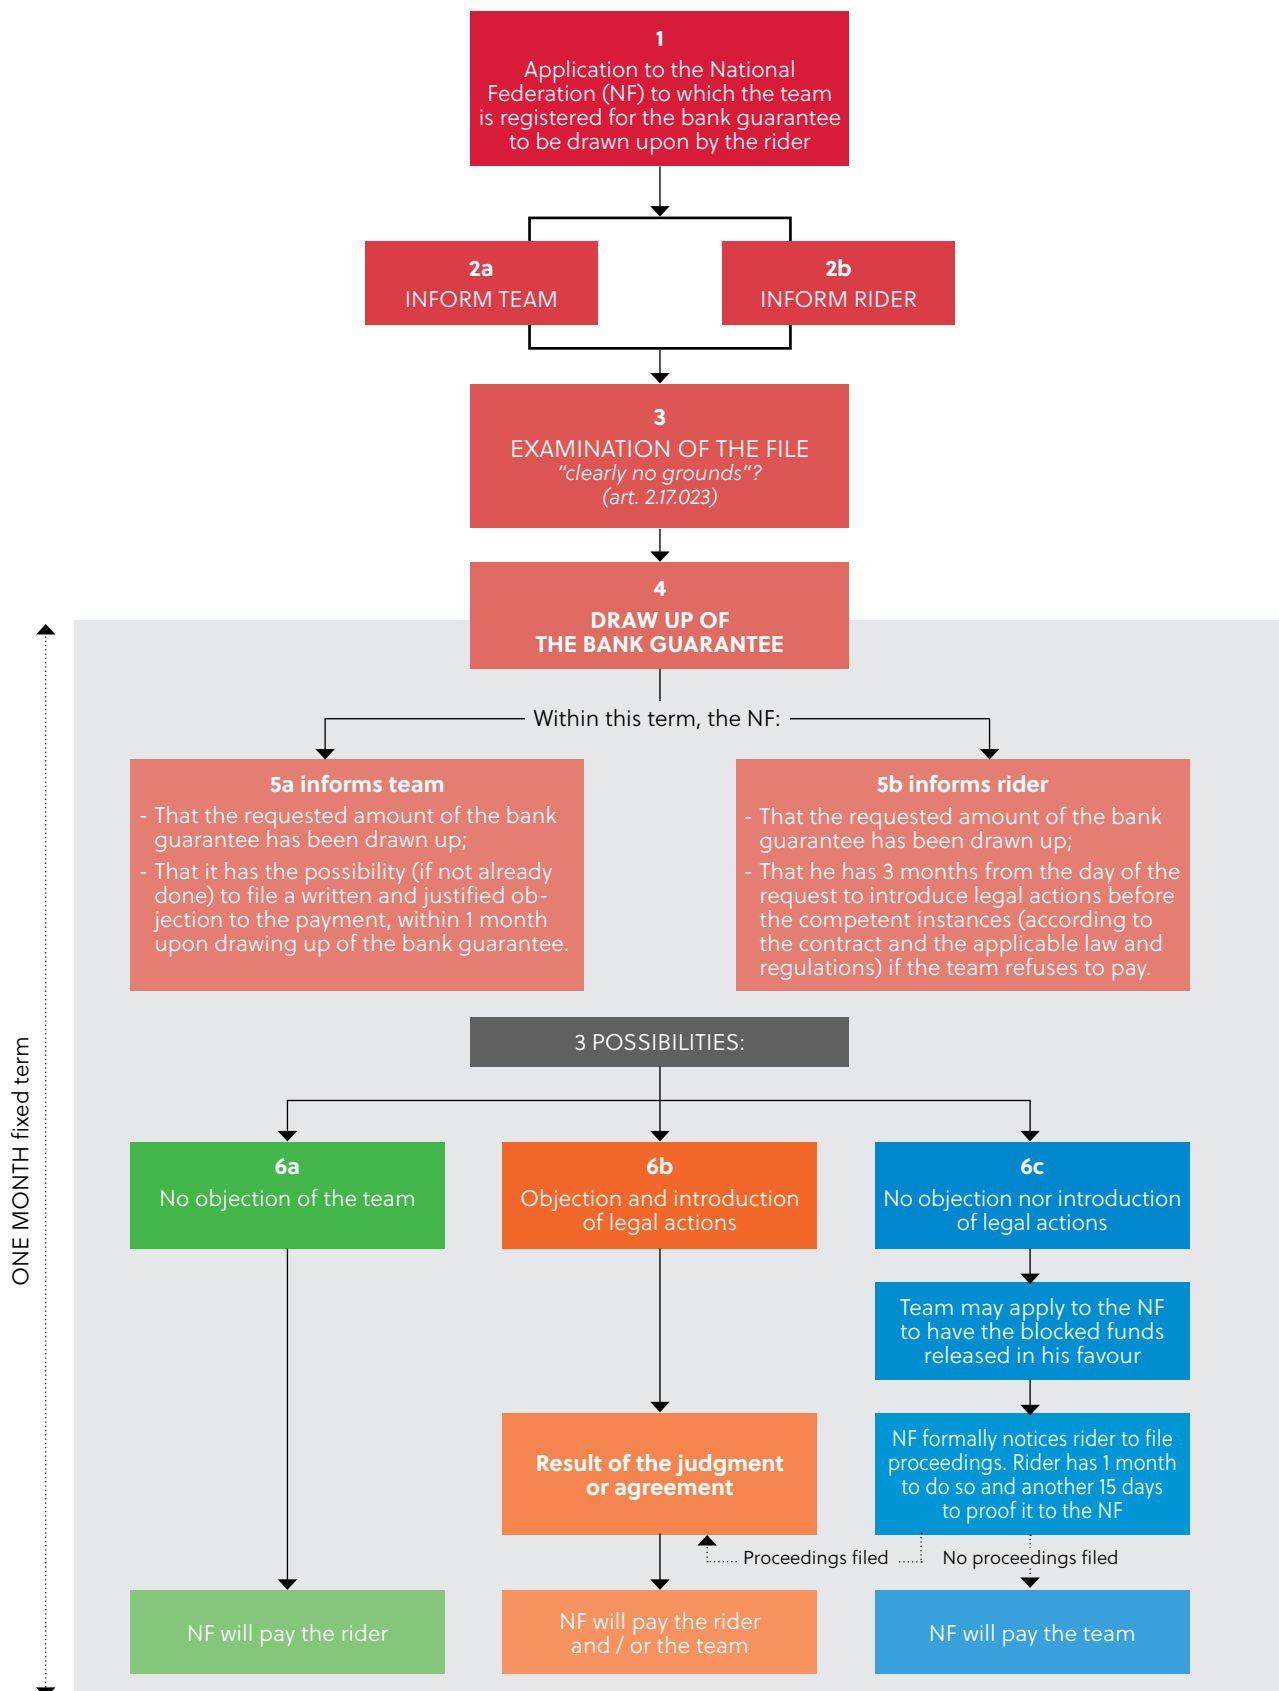

If the paying agent refuses to pay to the creditor and that no agreement is found, the creditor must, within three months from the date of his request to call up the guarantee, make a claim in law before the court that he considers competent.

Should this not occur, the paying agent may call for the repayment of the sum held in escrow. However, the National Federation shall first give notice to the creditor, who shall then have 1 month to make a claim in law and an additional 15 days to prove this to the National Federation.

■ The payment

In either case, payment to the creditor may be made after expiration of the one-month fixed term after the call-up at the earliest.

Should the team contest the claim, the payment must be made in accordance with the terms of an agreement between the parties or an enforceable judicial or arbitral decision. It is important to take note that it is possible for the parties to reach an agreement at any stage.

The claimant in this example is referred to as «rider» but this occurrence may also apply to any team member whom is allowed to call on the bank guarantee.

This document is a resume of articles 2.17.023 to 2.17.028 of the UCI Regulations designed for information purposes only. Any inaccuracies which could occur in this document do not engage the responsibility of UCI. Please refer exclusively to UCI Regulations.

4. PROCEDURE TO BE FOLLOWED BY THE TEAM

The UCI sets the general framework for the procedure, which will be applied as specified by each National Federation.

This guide is designed so that the National Federation can use it as a basis for their instructions to teams. National Federations who wish to apply the "minimum standards" set out by the UCI can extract this part of the Manual, and send it to candidate teams.

Each federation is free to draw up its own documentation and to alter the procedure, as long as the key deadlines set in the regulations and the minimum criteria set by the UCI are respected.

IMPOR-
TANT

Any confirmation of registration from the National Federation doesn't mean the team is registered with the UCI or that the information has been validated by the UCI. In addition, a licence issued doesn't mean a registration within a team.

In order for the National Federation to report your situation to the UCI and for the UCI to validate it, all information (e.g. addition/removal of riders or staff, change of any information related to the team...) needs to be submitted into the UCI DataRide platform.

4.1.

DEADLINES AND PAYMENT OF THE REGISTRATION FEE

The application for registration must be made through the UCI DataRide - Teams platform, (*article 2.17.035 of the UCI Regulations*). Other applications shall be rejected.

The National Federation sets the deadlines as it wishes, in such a manner that the deadlines set by the UCI for registration, namely:

Up to 30 September	Article 2.17.033	The National Federation sends the UCI the list of teams which intend to register as UCI Continental Team or UCI Women's Continental Teams for the following year.
From 1 October to 10 November	Article 2.17.033	The complete set of registration file must be submitted to the UCI through the UCI DataRide - Teams platform following the review from the National Federation.
No later than 3 November	Article 2.17.033	The payment of the registration fee* must reach the UCI.

* The amount of the registration fee is set out in the UCI financial obligations (annexe A.2).

IMPOR-
TANT

We would like to remind you that the registration fee is non reimbursable and that any delay in the payment will delay the registration of the team. Moreover, in addition to the registration fee, **teams must ensure they are up to date with all their payments for the UCI and other stakeholders. Any unpaid invoice will prevent the team from being registered.**

IMPOR-
TANT

We kindly ask the teams to indicate the name of their team on the payment, so that it is easier to identify through our bank.

This sum must be paid into the UCI's bank account:

4.2. INFORMATION TO BE SUBMITTED

The UCI provides the UCI DataRide - Teams platform which must be used submitting information related to the registration of a UCI Continental Team or UCI Women's Continental Team. A user guide is available at the beginning of these instructions for registration (see page 7).

PAYING AGENT

The teams must indicate on the UCI DataRide - Teams platform the information related to their paying agent (task UCI Team Application). **It is the legal structure (association, company...) responsible for the management of the team.** All the contracts with the riders, staff members, as well as sponsorship contracts must be signed with this paying agent.

CHECK-LIST OF DOCUMENTS TO BE PROVIDED (*annexe B*)

By completing the check-list the team can verify if all the required documents are being submitted. The document also serves as a counterfoil for the documents sent to the National Federation. This document must not be sent to the UCI.

BUDGET WITH INSTRUCTIONS (*annexes C*) AND CALCULATION OF THE MINIMUM AMOUNT OF THE BANK GUARANTEE (*annexe C-3*)

The budget must be drawn up using the form supplied by the UCI and in accordance with the instructions that accompany the form. It is recommended that the principal budget lines should be annotated, in particular where there are significant differences from the preceding financial year. The model budget also includes a table which can be used to calculate the minimum amount of the bank guarantee.

For the registration of a UCI Women's Continental Team, the budget as well as the calculation of the minimum amount of the bank guarantee will have to be completed and submitted to the UCI through [this link](#) before 10 November 2025.

LIST OF RIDERS LIST OF STAFF MEMBERS

These lists must include all the information required by the regulations for all riders and staff members. Furthermore, the team must provide the list of subscribed insurances to the National Federation in charge along with all the other required documents.

Any person mentioned in these lists must have signed a written contract/agreement with the team, that must have been submitted to the National Federation for review.

MODEL BANK GUARANTEE (*art. 2.17.029 of the UCI Regulations*)

The bank guarantee form must be used unaltered. Please refer to point 3.8 of this manual.

For the registration of a UCI Women's Continental Team, a copy of the bank guarantee will have to be submitted to the UCI before 10 November 2025 for information via the UCI DataRide - Teams platform. The National Federation remains responsible for ensuring the compliance and authenticity of the bank guarantee.

REPRESENTATION LETTER BY THE REPRESENTATIVE OF THE UCI TEAM
TO THE NATIONAL FEDERATION (*annexe E*)

By signing this declaration, the representative confirms to the National Federation that:

- He is familiar with the UCI Regulations and the instructions from the National Federation on the conditions for the registration of the team;
- He acknowledges his responsibility for the compliance of the documentation presented with the UCI Regulations and of the National Federation, and with the law in force;
- Every rider with whom he has concluded an agreement/contract is insured in accordance with UCI Regulations;
- He has provided all the information required and that it is accurate;
- He undertakes to inform the National Federation of any change affecting the team and of any events liable to put the team in difficulties.

4.3

PARTICIPATION TO UCI PROSERIES EVENTS

Any UCI Continental Team wishing to participate to at least one UCI ProSeries event during the 2026 season must imperatively apply to the enhanced anti-doping program for the 2026 season, **by 31 December 2025**. For this, the team must pay the contribution and submit the form (link below).

The teams that do not respect these conditions and deadline will not be authorised to participate to UCI ProSeries events.

No request for participation will be accepted during the season if the required form and payment have not been submitted within the deadlines.

The list of teams that have met the needed conditions will be published on the [UCI Website](#) at the end of January. UCI ProSeries organisers are also instructed to invite only the teams mentioned on the list. In case a UCI ProSeries organiser invites a team that is not on this list, we recommend that the team concerned report this to the organiser and the UCI as soon as possible. In any case, the team will not be allowed to participate.

- Fill-in [this form](#)
- Pay the anti-doping contribution as per the bank details mentioned below

Bank: UBS Deutschland AG

Address: Bockenheimer Landstr. 2-4
60306 Frankfurt am Main

Beneficiary: Union Cycliste Internationale CH- 1860 Aigle

Development UCI Continental Teams affiliated with a UCI WorldTeam or UCI ProTeam that wish to have riders from the UCI Continental Team within the affiliated professional team must register for the enhanced anti-doping programme under the same conditions.

5. PROCEDURE TO BE FOLLOWED BY THE NATIONAL FEDERATION

The aim of this section is to clarify the role and the responsibilities of the National Federation in regards to the checking and registration of UCI Teams. It describes the minimum requirements that National Federations must respect to propose the registration of UCI Teams to the UCI.

Given the major disparities worldwide between the more developed federations and those in countries where cycling is still emerging, it is clear that the responsibility for checks on UCI Teams must remain within the remit of National Federations. However, in order to maintain consistency in the development of the structures of cycling, and also to avoid inequitable treatment of teams who will face each other in competitions on the UCI calendar, a basic framework is vital.

The UCI primarily hopes that these instructions will help reinforce the fairness of competition and the protection of riders all over the world. The instructions for checks on UCI Teams will facilitate the learning process and development of National Federations in this area.

IMPORTANT

The UCI also needs to ensure that the criteria and procedures are applied in an adequate manner by all National Federations. The regulations give it the right to intervene directly with National Federations to check that the fundamental rules are respected, or to impose penalties on National Federations which do not show proof of all the due diligence.

5.1. RESPONSIBILITY OF THE NATIONAL FEDERATION

IMPORTANT

The National Federation shall be solely responsible for checking compliance with regulatory and legal requirements, both on registration and throughout the registration year. This responsibility includes the respect for the minimum conditions and criteria set by the UCI. Furthermore, each National Federation must be clearly independent of the team(s) that it registers (cf. Infra 5.3).

5.2. STRUCTURE, ORGANISATION

The procedure for the registration of and controls on teams is the responsibility of the President of the National Federation, unless its constitution and regulations make alternative provision.

It is desirable for the National Federation to set up a body to handle the registration of UCI teams, which may be:

- a department or manager within the National Federation;
- a committee of external specialists;
- a combination of the two.

The manager in charge of registration or the chair of the registration committee for UCI teams will be the main contact for the UCI in regards to the registration of UCI teams. In their absence, the UCI will deal with the President of the National Federation.

The National Federation shall inform the UCI of the organisational arrangements made, providing by email (road@uci.ch) annexe A-1 confirming the names and contact details of the people in charge of the registration procedure. As far as "lawyer" and "accountant" sections are concerned, if they are not filled-in, an explanation will need to be provided on the procedure implemented by the National Federation in case of any issue on this matter.

5.3.

POWERS AND INDEPENDENCE OF THE BODY

Regardless of the organisational arrangements made, the people in charge of the procedure must:

**IMPOR-
TANT**

- **Be completely independent of the teams for which they check the documentation (no financial links, working relationship, family ties, etc.);**
- **Be sufficiently qualified to assess the documentation: financial and legal skills are required.**

The National Federation must be independent from any UCI Continental Teams or UCI Women's Continental Team.

The National Federation shall provide the UCI with confirmation that these basic rules are respected through UCI DataRide - Teams (check-list).

5.4.

INFORMATION FOR APPLICANT TEAMS

The National Federation shall provide the organisational and communication resources needed so that teams receive the information needed for registration in a timely manner. It will also inform the UCI team of the results of its checks through UCI DataRide - Teams, inter alia so that the UCI Team can provide outstanding required documentation if deadlines permit.

5.5.

CHECKS THAT THE UCI TEAM HAS RESPECTED THE CRITERIA

To facilitate checks on documentation by National Federations and ensure a minimum quality standard for the execution of the required checks, the UCI has drawn up a checklist to assist National Federations in documenting their verification procedures.

This check-list is available on the UCI DataRide - Teams platform. Tick-boxes will need to be ticked.

Controls relate to the respect for the minimum criteria set out in point 4 of this manual.

Annexe J is available in the instructions for registration in order to guide through National Federations in regards to possible anomalies and their severity.

**IMPOR-
TANT**

We kindly remind National Federations that all the checks performed are under their responsibility. The checks must not only be formal and all the information, even the prefilled-in one on the UCI DataRide - Teams platform, must be conscientiously controlled according to the documents that the National Federation must have.

5.6

PROCEDURAL CHECKS BY THE UCI

The role of the UCI will be limited to ensuring that the minimum controls have indeed been carried out, working only on the basis of the declarations and reports provided by the National Federation.

IMPOR-
TANT

Should the UCI have doubts concerning the proper execution of checks and/or the compliance of the information, it may take direct action with the National Federation to request additional information, or to obtain a copy of the UCI Team's application documentation for verification. The National Federation will then be required to provide the documentation required within eight days. To this end, the National Federation is required to collect and retain all documents relating to the registration of teams (art. 2.17.038). **Random audits will be performed during the season in order to ensure the files are compliant.**

In all cases, the National Federation remains solely responsible for the registration of the team. However, the UCI can refuse or withdraw registration to a team which does not meet the minimum conditions. The National Federation shall be liable for any additional costs incurred as a result of inadequate checking on its part.

In exceptional and necessary situations in order to ensure the correct allocation of UCI points, the UCI reserves the right to take the measures required by such a situation. These measures shall be without prejudice to any possible dispute between the rider and his team.

UCI
CTW

The additional documents (budget C-1 and calculation of the bank guarantee C-3) required for the registration of a UCI Women's Continental Team must be provided to the UCI and comply with the requirements, failing which, the registration of the corresponding team may be denied.

6. LICENCES

The National Federation must guarantee that every licence holder, in other words both riders and staff members, is in possession of the licence required by the UCI Regulations and that all the information (including the licence number) are updated on the UCI DataRide - Teams platform.

Articles 1.1.001 to 1.1.033 of the UCI Regulations establish the rules for licences in general and the issuing procedure in particular.

**IMPOR-
TANT**

A licence is issued for the whole year by the National Federation of the country in which the licence applicant has his or her main residence at the time of application. He shall remain affiliated to that federation until the expiry of the licence, even if he changes country of residence.

Consequently, if a National Federation wishes to register a team with the UCI, it issues licences solely for those members of the team who have their main residence in the country of the Federation. A National Federation registering a team should nevertheless have the assurance that all the team members (riders and staff members) are licence holders (including those issued by another Federation).

Furthermore, if a licence has already been issued to a team member (rider, staff) by a National Federation for the season, a second licence cannot be issued by another National Federation, even if this person changes residence during the season.

6.1.

BASIC PRINCIPLES

Federations remain solely responsible for checking the criteria that they have established, but before issuing a licence they must check that the potential licence holder has adequate accident and civil liability insurance in order to practise cycling. It is particularly important to guarantee suitable coverage for all countries in which the licence holder will conduct his or her activities (1.1.006).

6.2.

ISSUING PROCEDURE

As previously announced, the **Federation that will issue the licence is determined solely by the athlete's place of main residence.** (see art. 1.1.011 of the UCI Regulations).

The issuing of the licence is thus completely independent of the applicant's nationality and the nationality of his or her UCI team, as shown by the examples below:

A RIDER OF NATIONALITY A IS:	A RIDER OF NATIONALITY B IS:
Registered in a team of nationality B	Registered in a team of nationality B
Main residence in country B	Main residence in country C
→ The licence must be issued by the Federation of country B.	→ The licence must be issued by the Federation of country C.

This principle applies to all licence holders from all National Federations, irrespective of their status.

6.3. FORM OF LICENCE

In order to avoid any confusion when athletes participate under UCI Regulations (in UCI teams or mixed teams), it is very important to clearly specify on the licence, as shown in the example below, the UCI Team to which the athlete belongs and, if appropriate, his or her club of affiliation.

The licence is printed on a card the size of a credit card:

1.1.024 Form of licence
The licence shall be in the form of a credit card.
It shall include the following data:
On the front

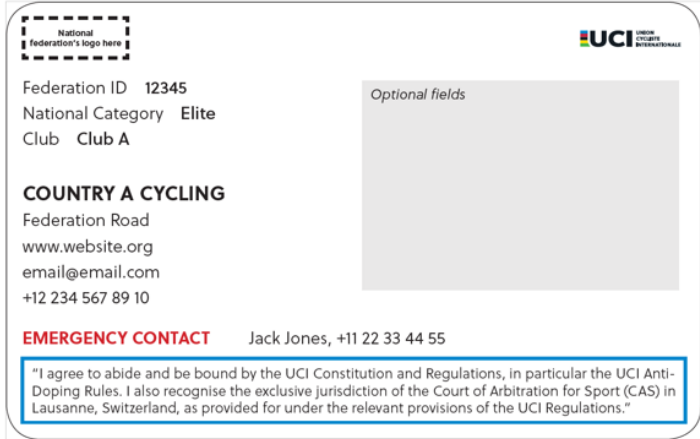

The front of the licence card features the UCI logo (Union Cycliste Internationale) and the year 2023. A dashed box indicates the location for the National federation's logo. The cardholder's details are listed in a table:

A blue box contains the following text: "I agree to abide and be bound by the UCI Constitution and Regulations, in particular the UCI Anti-Doping Rules. I also recognise the exclusive jurisdiction of the Court of Arbitration for Sport (CAS) in Lausanne, Switzerland, as provided for under the relevant provisions of the UCI Regulations."

All National Federations must produce licenses which are materially the same as the format presented above. The license year must be in the position and of the font size shown. If a Federation wishes to issue licenses with a QR code or a bar code, space is provided on the reverse of the license for this purpose.

National Federations may issue electronic licenses (i.e. smart phone compatible) in place of material licences. Electronic licences shall feature the same licence format as presented above.

National Federations shall be responsible for ensuring the validity of electronic licences and every aspect related to security pursuant to the relevant applicable laws.

The line "Team" can only be used to indicate the name of a UCI Team (UCI Women's WorldTeam, UCI WorldTeam, UCI ProTeam, UCI Continental Team and UCI Women's Continental Team). The line "club" can only be used to indicate the name of a team registered exclusively in a National Federation.

■ **Should the photograph not be required, the holder must always be able to present his licence together with another ID document bearing his photo.**

- The holder agrees to abide by the regulations of the UCI and of the National Federations.
- He accepts anti-doping and blood tests provided by the rules and the sole competence of the CAS.

The licence must be written in French or English. Other language versions of its text may also appear. (see art. 1.1.025 of the UCI Regulations).

No physical licence can be issued until the information have been previously filled-in by the National Federation on the UCI DataRide - Licensees platform.

6.4. UCI ID

Every UCI Team member must have a UCI ID. The UCI ID is mandatory for every rider and staff member of the team. The National Federation is responsible for ensuring that all team members are given a UCI ID, which will appear on their licence (1.1.009 bis).

If a rider or a staff member is not part of the database (UCI DataRide - Licensees), we kindly invite the teams to contact the National Federation in charge of issuing the licence.

As the information regarding licensees belong to National Federations, each addition or amendment of these data in the system is under their responsibility.

DOUBLE ENTRIES

If there are several people with the exact same information (first name, last name, date of birth, nationality) or if the same person appears with two (or more) different UCI IDs, please make sure to send a print screen to the UCI (ucidataridehelp@uci.ch) as well as a copy of the license, showing the UCI ID to keep, so that we can merge both entries and only have the correct one left.

If you cannot find a person in the database after having searched, we kindly invite you to contact the relevant National Federation, that will be able to issue the correct license. A UCI ID will then be created and the person will be available in the database.

7. MEDICAL MONITORING

Programme of medical examinations for fitness to take part in cycling for riders in UCI Continental Teams and UCI Women's Continental Teams.

7.1. GENERAL COMMENTS

7.1.1

In the context of its policy for prevention and the protection of the riders' health, the Medical Commission (MC) recommends to National Federations that have not hitherto made such arrangements to implement a programme of medical examinations to ascertain fitness to practice cycling prior to issuing a licence.

7.1.2

This recommendation is based on an admittedly limited medical assessment, but which represents the minimum that can be considered to confirm medical fitness for competition. The medical assessment conducted under the authority of national federations must be inspired by the prevention programs implemented by the UCI in order to limit the risk of cardiovascular accidents during exercise, reduce the risk of concussion-related after-effects (through an adapted cognitive assessment and educational and awareness tools), and prevent the deterioration of riders' mental health. Should some National Federations already have set up a more comprehensive programme, they should continue to run it, while improving any aspects.

7.1.3

This medical check-up, and the examinations recommended, are intended for riders who are members of a UCI team and are intended to bring to highlight any physical or biological anomalies which might contraindicate the practice of cycling at this level.

7.1.4

The medical check-up and the examinations recommended will be carried out by a sports physician with solid experience in monitoring high-level athletes, at best recognised by the National Federation. The National Federation shall be responsible for ensuring, by such means as it may make provision for, that these requirements are respected before it issues a licence to a rider who is a member of a UCI team.

7.1.5

In order to be admitted to a UCI team, the medical examination for fitness as well as the complementary examinations must be carried out within a period not exceeding 3 months before the application for a licence.

7.1.6

The doctor who carries out the check-up will also be required to draw up and retain a medical record, which may with the permission of the rider, be passed on to the medical authorities of the National Federation or of the UCI in strict accordance with medical confidentiality rules. In case of change of team, this medical record will need to be forwarded to the doctor in charge of the medical follow-up of the new team. This record will be forwarded respecting the medical confidentiality rules.

7.2.**PREVENTION OF SUDDEN DEATH IN COMPETITIVE SPORTS**

7.2.1

We have now strong scientific evidence that the risk of sudden cardiac death in athletes can be largely minimized by a medical examination, comprising especially a cardiovascular screening. There is now a large consensus between the main scientific and medical associations to consider that a cardiovascular medical evaluation is the best way to minimize the risk of sudden cardiac death in athletes.

7.2.2

The purpose of this recommendation is to identify, as accurately as possible, athletes at risk of cardiovascular accidents on the field in order to advise them accordingly.

7.3. EXAMINATIONS FOR FITNESS TO PRACTICE CYCLING

7.3.1

Before a licence is issued by a National Federation, the rider must have had a medical consultation confirming the absence of any contraindication to the practice of competition sport. A guide on this medical check is proposed below:

PERSONAL HISTORY
Have you ever fainted or passed out when exercising?
Do you ever have chest tightness, at rest or in activity?
Have you ever had abnormal shortness of breath, cough, wheezing. which made it difficult for you to perform in sports?
Have you ever been treated/ hospitalized for asthma?
Have you ever had a seizure?
Have you ever been told that you have epilepsy?
Have you ever been told to give up a sport because of health problems?

<i>Complete haemogram</i>
<i>Ferritin</i>
<i>Testosterone</i>

7.3.2

Knowing the cardiovascular origin in sudden death is high on young sportsman (around 90%), it is highly recommended to ask for a cardiological assessment in case:

- a doubt on a cardiovascular pathology of hereditary origin;
- an unusual symptom arises;
- an abnormal cardiac auscultation;
- any anomaly detected on the electrocardiogram.

Additional examinations can then be carried out by a sports cardiologist.

8. CLOTHING AND EQUIPMENT

8.1. CLOTHING

Under article 1.3.035, "(...) Other teams shall submit for approval their clothing to the national federation of the team at the moment of the team registration no later than 10 December before the year in question".

**IMPOR-
TANT**

The team must submit the jersey design on the UCI DataRide - Teams platform, **before production**. The National Federation must check it (see below) and reject the design if the team needs to correct it.

In any case, the National Federation must have validated the jersey design, checked and corrected if needed, on the UCI DataRide - Teams platform, **by 10 December 2025**.

The team must not start production of its jersey until the design is validated on the UCI DataRide - Teams platform, by both the National Federation and the UCI. If an uncompliant and/or non-validated jersey is produced, the team shall be subject to the sanctions set out in article 1.3.072. Furthermore, this does not exempt the team from correcting the jersey and producing it again.

CHECKS TO BE PERFORMED BY THE NATIONAL FEDERATION

**IMPOR-
TANT**

Before validating the jersey design and thus providing the UCI with it, the National Federation must imperatively perform the following checks:

- **The non authorised use of the "rainbow colours" is strictly prohibited under article 1.3.060.** "The right to the "rainbow colours" is the exclusive property of the UCI. Any commercial use of the rainbow colours is strictly prohibited";
- At least one of the main sponsors as defined in article 1.3.038 and indicated by the team on the UCI DataRide - Teams platform must be preponderant and placed in the upper part of the jersey, both on the front and the back of the jersey;
- The use of a brand of tobacco, spirits (content of alcohol of 15% or more), pornographic products or any other products that might damage the image of the UCI or the sport of cycling in general is strictly prohibited (see art. 1.1.089).
- The use of piping is reserved for current or former champions.

In case of any doubt, we kindly invite National Federations to contact us before approving the team jersey design.

Only one high quality pdf document (**not more than 3mb**) must be uploaded on the UCI DataRide - Teams platform and must contain the design of the jersey and short design, front and back.

(see articles 1.3.035 - 1.3.043)

IMPOR-
TANT

MANDATORY

We inform you that only the logos as per the [appropriate guidelines](#) must be used. **Please ensure the jerseys are approved by the UCI before any production.** We draw your attention to the fact that a lack of reply from the UCI must not be considered as an approval. The placement of the corresponding UCI logo for each team category remains unchanged, in the below specified area.

The UCI Women's Continental Team logo is used above for illustration purpose. Please ensure you use the logo corresponding to your team category.

IMPOR-
TANT

In order to allow teams with tighter deadlines for the production of their jerseys to be on time, **two windows for submission and approval of jerseys will be in place.**

→ **from 1st to 10 November**

→ **from 15 November to 10 December**

In order for the National Federations and the UCI to control these jerseys, information on the main sponsors must be available.

IMPOR-
TANT

Each Road team may use an alternative design of clothing at a maximum of **three full events each year. Such alternative clothing must be submitted for approval to the UCI, at least 60 days before the start date of the event at which it shall be worn.** The UCI will provide the team with an answer no later than 30 days prior to the start date of the event in question.

Applications either for a permanent or temporary change will be considered in the order in which they are received by the UCI. Applications may be rejected for reasons considered valid, including without being limited to similarity to other team's clothing, similarity to leaders' jerseys, ill-compliance with UCI regulations pertaining to jerseys, potential harm to image of cycling, the events or the UCI. (art. 1.3.036)

8.2. EQUIPMENT

Equipment used in competition by teams shared with the UCI must comply with **Articles 1.3.001 through 1.3.034 of UCI Regulations**. Compliance with these rules by all concerned parties is a token of sporting fairness and safety in competitions.

Teams must share the equipment which will be used in road races or time trials during 2026 by 28 November 2025, at the latest. Collection is done through the [Online Form](#) done by the Equipment Unit in the form of [an excel template](#). Teams are also encouraged to provide any technical documents as annexes.

Click [here](#) to download the excel template (available on the UCI website).

Click [here](#) to download the online form.

The Equipment Unit will ensure the compliance of the declared equipment to develop the list of authorised equipment for the 2025 season UCI races.

IMPOR-
TANT

Any equipment which has not been previously shared with the UCI may not be used in competition, in accordance with Article 1.3.005 of the UCI Regulations.

Teams wishing to use new equipment during the year must present it to the Equipment Unit no later than one month before the first scheduled use. The Equipment Unit will then assess the compliance of this new equipment based on the requirements of the UCI Regulations and the Clarification Guide of the UCI Technical Regulations. If it is considered compliant by the Equipment Unit, it may be used in competition, subject to respecting the requirements of **Article 1.3.006**, which determines the obligations relating to the commercialisation of equipment.

In the same way, if a team would like to use a prototype in competition, this will need to be presented at the UCI and will need to follow the dedicated registration process as per **Article 1.3.006**.

The Clarification Guide of the UCI Technical Regulations is available online and it aims to help to ensure that the technical regulations are applied in a consistent manner by the whole cycling family.

You may download it at [Equipment | UCI](#).

For any other questions or additional information, please contact equipment@uci.ch.

UCI HEIGHT EXEMPTION LIST

Riders in the height range of 180.0 cm – 189.9 cm and 190.0 cm or taller are eligible to request an exemption to be added to Category 2 & Category 3 respectively (**Article 1.3.023**).

A rider must provide a one-time medical Attestation signed by the Head Medical Director of the team where the height is clearly stated.

To add the rider to the UCI List of riders in height Categories 2 and 3, the Attestation must be completed and submitted via Online Form at [Equipment | UCI](#) (UCI Online Application Form for the submission of the height attestation) no later than 15 days before the intended UCI-sanctioned event.

Click [here](#) to download the Attestation template.

Please note, that riders are no longer required to verify their height with the UCI Commissaire on-site, where the UCI Commissaire reserves a right to verify the height of the rider.

A-3.1. ACKNOWLEDGMENT AND RECOGNITION OF ETHICAL PRINCIPLES - STAFF UCI TEAMS

TO SUBMIT TO THE NATIONAL FEDERATION WITH EACH RIDER/STAFF CONTRACT

NOTE: *These declarations may be signed in English or in French.*

As a member of a UCI Team, I recognise the risks associated with the practice of cycling and the importance of respecting and acting at all times in accordance with the highest ethical standards in terms of respect for the individual. I hereby confirm and agree to respect at all times the following principles including general principles and a reminder of the rules of conduct of the UCI Code of Ethics, the importance of which is particularly high in view of my function.

I undertake to perform my duties in a dignified manner and to demonstrate the highest degree of honesty, impartiality, integrity and credibility (see article 5, paragraph 2 UCI Code of Ethics).

I pledge to respect and treat with dignity all the people with whom I come into contact within the framework of my functions and particularly the members (staff and riders) of my team as well as those of other teams. I am aware that any behaviour that is disrespectful or compromises the integrity or dignity of a person may give rise to contractual, ethical or disciplinary measures on the part of my employer or any governing body (UCI, National Federation, National Olympic Committee, etc.).

I pledge to respect and help protect the privacy and safety of my team members (staff and riders).

I acknowledge the prohibition and condemn the harassment and abuse, emotional or sexual, and bullying in all its forms and pledge to protect the members of my team and in particular the minors (under 18 years) of any risk of bullying, abuse or harassment (see article 6.4 UCI Code of Ethics). I recognise the fact that situations of harassment, abuse and bullying regularly result from an abuse of a position of authority, or inappropriate use of a position of influence, power or authority by an individual to another.

I acknowledge and accept the following definitions derived annexe 1, article 2 of the UCI Code of Ethics related to harassment and abuse:

- Harassment: includes psychological abuse, physical abuse, sexual harassment and abuse.
- Physical abuse: refers to any intentional act that is not desired (e.g. punching, kicking, any form of stroke, biting, burning, etc.) that causes physical injury or injury. Such an act may also be the result of forced or inappropriate physical activity (e.g., improper training load for age or ability or physical fitness, or due to injury or pain), alcoholic restraint or doping products.
- Sexual abuse: refers to any verbal or physical action of a sexual nature, which is not desired, or where consent is obtained under duress, manipulated or cannot be given. Sexual harassment is a form of sexual abuse.
- Neglect: Neglect is a form of abuse and refers to any failure of a coach or other person with a duty of care to an athlete to provide him / her with a minimum of care and, as a result, to harm the athlete, to cause him harm, or creates imminent danger.

I undertake not to adopt an attitude, nor use disparaging words or any other means likely to undermine the dignity of a person or a group of persons because, in particular, of the colour of their skin, race, religion, ethnic or social background, political opinion, sexual orientation, disability or any other ground that offend human dignity (see Article 6.1 UCI Code of Ethics)..

I undertake never to abuse my function, particularly for private purposes or to derive any personal benefit (see article 5, paragraph 3 UCI Code of Ethics).

I undertake never to take any action to promote, facilitate, associate with, or otherwise support any behaviour or action that contravenes the provisions and spirit of the UCI Anti-Doping Regulations (see article 8.2 UCI Code of Ethics).

I undertake to report to the International Testing Agency (ITA) (report-doping@ita.sport) any element of which I am aware that would constitute or could reasonably be considered a violation of the UCI Anti-Doping Regulations.

I undertake to report to the UCI Ethics Commission (secretariat@uci-ethics.ch) any element of which I am aware that would constitute or could reasonably be considered a violation of the Code of Ethics of the UCI.

I also acknowledge that any and all incidents of abuse, harassment or bullying to may be reported to the [UCI reporting platform](#). I understand that in such cases no action will be taken against me providing I am acting in good faith and not making malicious reports.

I agree to abide by and observe all relevant national laws in relation to the safeguarding and protection of others.

By signing this declaration, I understand that I will be held accountable for any actions that are contrary to the principles outlined above and accept the disciplinary competence of the UCI's judicial bodies – and any other decision-making body that may be competent - for any such breach.

member of the team

Un tel acte peut également provenir d'une activité physique forcée ou inadaptée (p.ex. charge d'entraînement inappropriée pour l'âge ou la capacité ou forme physique, ou dû à une blessure ou douleur), une consommation contrainte d'alcool ou de produits dopants.
- Harcèlement sexuel : se réfère à toute action verbale ou physique d'une nature sexuelle, qui n'est pas souhaitée, ou lorsque le consentement est obtenu sous la contrainte, manipulé ou ne peut être donné. Le harcèlement sexuel est une forme d'abus sexuel.

- Négligence : la négligence est une forme de maltraitance et se réfère à tout manquement d'un coach ou d'une autre personne avec un devoir de diligence envers un athlète de lui fournir un minimum de soin et qui, de ce fait, cause un tort à l'athlète, permet de lui causer du tort, ou crée un danger imminent.

Je m'engage à ne pas adopter une attitude, ni utiliser un propos dénigrant ou tout autre moyen susceptible de porter atteinte à la dignité d'une personne ou d'un groupe de personnes en raison, notamment, de la couleur de sa peau, sa race, sa religion, ses origines ethniques ou sociales, ses opinions politiques, son orientation sexuelle, un handicap ou tout autre motif portant atteinte à la dignité humaine (cf. art. 6.1 Code d'éthique UCI).

Je m'engage à ne jamais abuser de ma fonction, notamment à des fins privées ou pour en tirer un quelconque avantage personnel (cf. art. 5, al. 3 Code d'éthique UCI).

Je m'engage à ne jamais entreprendre une quelconque action de promotion, facilitation, association avec, ou de soutien de toute autre manière, de comportements ou d'actions contrevenant aux dispositions et à l'esprit du Règlement antidopage de l'UCI (cf. art. 8.2 Code d'éthique UCI).

Je m'engage à rapporter à l'Agence de Contrôles Internationales (ITA) (report-doping@ita.sport) tout élément dont j'aurais connaissance et qui constituerait ou pourrait raisonnablement constituer une violation du Règlement antidopage de l'UCI.

Je m'engage à rapporter à la Commission d'éthique de l'UCI (secretariat@uci-ethics.ch) tout élément dont j'aurais connaissance et qui constituerait ou pourrait raisonnablement constituer une violation du Code d'éthique de l'UCI.

Je reconnais également que je m'engage à signaler tout incident d'abus, de harcèlement ou d'intimidation à la [plateforme de signalement de l'UCI](#). Je comprends que dans de tels cas, aucune mesure ne sera prise à mon encontre, à condition que j'agisse de bonne foi et que je ne fasse pas de rapport malveillant.

C-2. INSTRUCTIONS FOR DRAWING UP THE BUDGET FOR THE SEASON

FOR TEAM'S INTERNAL USE, **NOT TO BE SUBMITTED**

[CLICK HERE TO DOWNLOAD THE EXCEL FILE](#)

ANNEX C-2 Instructions for drawing up the budget for the 2024 season

UCI Continental Teams and UCI Women's Continental Teams

TEAM :

- 1 Indicate the currency in which the budget is made out (in principle the currency of the country of the team representative). The figures can be expressed in thousands, in which case this must be specified (thousand EUR or KEUR, for example)
- 2 The budget must be presented along with the figures for the preceding (current) season for comparison. If possible, the team will draw up an annual projection (estimate) on the basis of the documents in its possession at the time that the registration documentation is being prepared. Otherwise, comparisons will be made with the budget for the current season.
- 3 For each item where it is necessary to understand the budget, the team will make a brief comment on the heading concerned. In particular, justification should be given for significant differences from the figures for the preceding season.
- 4 Indicate the total cash contributions to be received from sponsors during the season (must correspond to the total of the contracts of which a copy is included in the documentation). If there are multiple sponsors, it is worth drawing up a list of the sums to be received from each.
- 5 Same remark as for the sponsors.
- 6 Services in kind are in principle not valued, but are mentioned purely for the record, indicating the type of services which are covered by a contract "in kind".
- 7 Specify the subject. In principle, the budget must rely solely on secure income (e.g. contracts signed with sponsors). Income which is uncertain or conditional (e.g. bonus from a sponsor on the basis of results) should be excluded, unless they cover expenditure of the same type (e.g. bonuses for riders).
- 8 Some lines are left free for headings which are not included in the standard model - and can be used as desired by teams (stating the type of income or of expenditure).
- 9 Total gross salaries payable by the team under the contracts and agreement signed. May include a reserve for future commitments. The total amount under this heading must correspond to the total from the list of riders (D-1).
- 10 Ditto for other persons employed by the team. May include a reserve for ad hoc services (temporary staff, etc.).
- 11 Other remuneration due under contracts, in particular premiums and bonuses that the team has undertaken to pay on the basis of results.
- 12 Employer's contribution to the staff's social charges (corresponds in general to the contributions which are due by law under the social security system).
- 13 Reimbursement of expenses to riders and other staff of expenses arising from their activity for the team (travel, hotels, meals, etc.)
- 14 Bonuses paid by the team, in particular the insurance coverage required under the UCI Regulations: treatment costs for sickness or accident, repatriation, civil responsibility.
- 15 Training camps, races, equipment, clothing, food, medical monitoring, etc.
- 16 Fuel, insurance and taxes, maintenance, accessories, rental, etc. (excluding depreciation, which has its own separate heading).
- 17 Office expenses, rental, fees, taxes, etc.
- 18 Subscriptions and licence fees paid to the national federations, the UCI and other sports bodies.
- 19 Interest and charges paid to the bank and other providers of finance.
- 20 Interests received on bank deposits, income from the assets of the team.
- 21 Depreciation on vehicles and equipment belonging to the team (investments are to be shown under a separate heading).
- 22 Increases and reductions in reserves for contingencies and expenses (e.g. provision for dispute with a rider).
- 23 Information on the investments planned for the team's activities. In all cases, an explanation of how these assets are to be financed is required.
- 24 Makes it possible to check that the team's own funds are adequate.
